OBJECTIVE:

A highly motivated Frontend Developer with a strong passion for web development. My goal is to become an expert in frontend and backend technologies, leveraging my skills in HTML, CSS, SCSS, Bootstrap, Tailwind, JavaScript, TypeScript, jQuery, React, Redux, Webpack, Babel, Jest, Git-GitHub, and other essential tools. While I possess knowledge of Node and Express, my primary focus and expertise lie in frontend development. With a proven ability to solve complex problems independently and collaborate effectively within a team, I bring a blend of creativity and technical expertise to every project.

WORK EXPERIENCE:

Front-End Developer

ASRM-IT, Bangladesh

📅 September 2019 - current

- Developing and maintaining responsive and interactive web applications using React.js framework.
- Collaborating with cross-functional teams, including designers and backend developers, to implement and integrate user interface components.
- Implementing best practices and following coding standards to ensure high-quality and efficient code.
- Troubleshooting and debugging issues, ensuring smooth functionality and resolving user-reported bugs.
- Staying updated with the latest industry trends and emerging technologies in frontend development.

Front-End Developer

Softech-IT, Bangladesh

📅 June 2021 - September 2022

- Developed and maintained front-end components and features for web applications.
- Collaborated with designers and back-end developers to implement user interface designs and integrate with the back-end systems.
- Implemented responsive and accessible designs, ensuring compatibility across different browsers and devices.

- Utilized HTML, CSS, and JavaScript to create interactive and user-friendly interfaces.
- Conducted code reviews and provided feedback to improve code quality and maintain coding standards.
- Assisted in troubleshooting and resolving issues to ensure smooth functionality and optimal user experience.
- Stayed updated with the latest industry trends and emerging technologies in front-end development.

EDUCATION:

Self-taught Frontend Developer with a strong passion for web development. Extensive knowledge and practical experience gained through independent learning and hands-on projects. Continuously staying updated with the latest industry trends, technologies, and best practices. Dedicated to expanding skill set and pursuing self-improvement in frontend development.
